School Cafeteria May Be Converted For Classroom Use

Swimming Program To Be Studied; Costs Are Going Up

The possibility that the cafeteria at the Tahoe-Truckee High School may be converted into two needed classrooms unless an alternative can be found was being studied by the governing board following the recent meeting.

It was pointed out that many of the students are either taking lunches or eating elsewhere and that because of room, additional space must be found for classes.

At the same meeting the board agreed that school will be discontinued for the year on Thursday, June 6, giving the teachers and administrators Friday to complete reports.

Swim Program

Another vital subject, the annual swimming program, is in doubt for this summer. The board has offered to provide transportation to and from the pools, providing the Red Cross, which sponsors the program, will finance or obtain instructors. In the past the school has paid for the entire program, Mrs. Fred Pedley, who represented the Red Cross at the meeting, said she would advise the board on what could be done this year.

It was pointed out some 200 pupils participate in the program.

Pending further study, the board decided to maintain the same pay schedule for teachers this year that was effective during the past year, but voted to pay additional salaries to coaches. The varsity coach will receive $300, and the JV and track coaches $250 with the drama department and girl's basketball coach each receiving $250.

Salaries of substitute teachers was advanced from $15 to $20 per day. The board declined to raise the mileage rates for those using their own cars from the present eight cents per mile. Ten cents had been asked.

Taxes To Go Up

A discussion on the tentative budget revealed that this year's tax rate will probably be advanced from $1.55 to the maximum of $1.65 to maintain the schools of the district.

The budget will be given further study prior to setting the rate, but increased costs, plus a building program has cut into the $100,000 reserve fund which must be repaid, Superintendent John Corbin pointed out.

Reginald Smart presided at the meeting.

CLOSURES DELAYED ON ROAD TO RENO

Resident Engineer John C. Peterson has announced that closure regulations on Highway 40 between Floriston and the Nevada stateline are being modified until further notice.

The two-hour closure will not be resumed until it is more convenient for the contractors, Gibbons and Reed now four-laning the strip to do blasting work.

The longest delay motorists can now expect is about half an hour, Peterson said.

EMERALD BAY ROAD REPORTED REOPEN

Division of highway crews Tuesday re-opened the Emerald Bay section of State Highway 89 which was closed by an earth slide at 7 p.m. Saturday.

The blockage occurred at the same spot where a massive slide late in 1955 closed the important route for nearly a year.

Sporting Equipment Is Stolen From Hogle Home

AUBURN—The sheriff's office is seeking a burglar who stole $500 worth of gun, sporting equipment and supplies from the home of Milton Moore Hogle near Soda Springs.

Sgt. Robert Moustris said Hogle reported the cabin was entered during a 10-day period when he was absent. Entry was made through a window. Missing items include two rifles, a shotgun and fishing tackle.

OFFICERS ELECTED AT LAKE PTA MEET

KINGS BEACH—The final meeting of the current school year was held by the Kings Beach Teachers and Parents Association last Thursday and the election of officers showed Mrs. Bern Franklin, president; Ruby Clackett, vice president; Dulci Brandt, secretary, and Ellen Templeton, treasurer.

A discussion was held concerning the annual school picnic which will take place June 5. The sixth graders will hold their graduation dinner on the evening of June 5.

Refreshments were served by Pearl Martin, Ruth Burris and Peg Thompson. Miss Knudsen's class won the attendance award.

In Truckee—

G. L. McKinsey of Modesto is now in Truckee. Other recent local arrivals are Mr. and Mrs. Anthony St. Claire of Walnut Creek.

Bond Issue Voted; Welch Named On Governing Board

By a vote of 511 to 135, the proposition to bond the Tahoe-Truckee Unified School District in the amount of $1,700,000 passed in last Friday's election.

At the same election, Harold Welch, Truckee, was elected to the board of governors of the Placer County Junior College, defeating Fred Schultz of Kings Beach by a vote of 272 to 208, and incumbents Reg Smart and Herbert Obexer were reelected without opposition as members of the local district governing board. Smart received 529 votes and Obexer 506.

The vote by district for the bond issue was as follows:

Truckee: yes, 211; no 33.
Kings Beach: yes, 109; no, 54.
Tahoe City: yes, 149; no, 29.
Donner Summit: yes, 17; no, 16.
Floriston: yes, 25; no, 4.

Money from the sale of the bonds will be used to enlarge and improve the school facilities at the high school, and the elementary schools in Kings Beach and Tahoe City and erect a new elementary school at Truckee. Bonds will be sold, according to Superintendent John Corbin, only as the money is required.

Storms In Sierra Bring Snow, Rain

Even for Truckee, where unusual weather is often expected, the past week has been exceptionally unusual.

As a matter of fact the chain control for cars crossing Donner Summit has been off and on all week as more than nine inches of snow fell on the summit Sunday morning. Truckee had four inches which, with the rain during the week, brought the precipitation for the month of May to 2.62 inches, which is 1.54 inches over the average for the month.

Henry Toccalini of the forest service said the season's precipitation to date is 27.43 inches or .76 of an inch over the normal of 26.67 inches for this date, and only .05 of an inch under the average for the entire year.

WET ROADS BLAMED FOR AUTO MISHAPS

Wet roads and snow were blamed for two automobile accidents in this area during the past week, Sgt. Frank Snyder of the highway patrol reported.

Patricia Walsh, 19, Long Island City, N. Y., suffered minor injuries when a car driven by George L. Webster, 22, Highland Falls, N. Y., skidded off the road Saturday night at 7 o'clock and crashed into a rock near the Squaw Valley road on State Route 89.

Cars driven by Lainour Moss, Marysville, and Franz Reichert, Mill Valley, were damaged but none hurt when Moss skidded to a stop near Soda Springs and Reichert rammed into the stopped vehicle.

J. W. Newman, 70, Sparks, suffered what was believed to have been a heart attack near Farad Sunday and his car ran off the roadway. He was taken to a Reno hospital.

Attorney Here

Victor L. Huber, a Marysville attorney, has established an office in the F. W. Wilson insurance offices where he will be available to local clients during weekends for the time being. Huber, a former assistant district attorney in Yuba County, is a graduate of U.S.C., and for the past 10 years has practiced in Los Angeles and Marysville.

Heart Victim

The body of Harry L. Wilson, 71, Sacramento, who expired to a heart attack while putting on tire chains at Kingvale Sunday, was shipped yesterday to his home by the Truckee Colonial Mortuary. Local officials were unable to locate relatives.

HURT IN MISHAP

Mrs. Hugh Weinand was rushed to Highland Hospital in Auburn with severe face and head injuries Tuesday after her car was forced off the road a quarter of a mile west of Yuba Gap, hitting an abutment. Her husband said that the left eye and side of Mrs. Weinand's face were injured as a result.

Olympics Bill Will Face Committee Decision Tonight

'Lame Duck' Assemblyman Threatens Project In Stormy Hearing

The assembly committee on conservation, planning and public works Tuesday delayed until today final action on a bill to provide additional funds and the right of eminent domain to permit progress on construction of facilities for the 1960 winter Olympic games at Squaw Valley.

Only one witness appeared in opposition to the bill, Samuel C. Shenk, attorney for Mr. and Mrs. Wayne Poulsen, who have been unable to reach an agreement with the California Olympic Commission relative to needed lands.

A "lame duck" assemblyman, Patrick D. McGee, who said he voted for the original appropriation "reluctantly," told Senator H. T. Johnson, sponsor of the bill, that he would vote against it in its present form.

McGee, from Van Nuys, was recently elected to the Los Angeles City Council and is serving his last term in the legislature.

In his argument for passage of the bill, Johnson declared:

"The governor of the state is asking for passage of this bill to carry out the obligations of the State of California."

He cited the fact that 450 organizations throughout the state have voiced support of the measure.

Only a relative small amount of land is involved in the eminent domain clause. Without this power and without the additional funds, the state will be unable to provide the necessary facilities for the games, it has been pointed out time after time.

Red Cross Drive Here Is Successful

The Red Cross fund raising program, under the leadership of George Kaspian is progressing with more than $600 reported collected by Kaspian early this week and with members continuing to canvass the area.

The program has been grouped into six divisions, each with a chairman and three members each. First Aid Chairman is Harry Eaton with Martin Sturcke, Roy Waters, C. Farley; home service, Mrs. Walter Loynd with Mrs. Lloyd Landro, Rev. W. Osman, Rev. Patrick O'Neill and official representative, Mrs. Don Schuler. Disaster and civil defense, Mrs. Fred Pedley, Dr. L. D. Nelson, Dr. Ben King, Wayne Stead. Public information, Leslie Grow and Rev. W. Osman. Water safety is composed of all members at present to develop the summer swimming program.

The board chairmen and members welcome added help in all divisions.

HOT ROD CLUB WILL ELECT ON MAY 27TH

Pending the election of permanent officers at a meeting to be held at 7 p.m., May 27 at the high school, Rolland Gautsche has been named temporary chairman of the Hot Rod Club.

The first official representation of the group will be entries of members in the half mile drag race to be held May 26 at Douglas Airport, Minden, Nev. Those planning to enter and attend are Gautsche, Arron Thomas, Bill Christensen, Nolan Little, John Nichelson, Don Sites, Ken Lowery, Mr. and Mrs. Fred Wofford.

Future meetings will alternate between Truckee and Lake Tahoe, according to schedule.

North Tahoe Women's Club Will Meet May 27

KINGS BEACH—The last meeting of the current season of the North Tahoe Women's Club will be held May 27 at noon in the Crystal Bay Club.

Mrs. Wally Skaggs will preside and said that all are welcome and are urged to attend the affair. The club will resume in the fall.

Patients—

Mrs. Steve Cozzi is at home following a recent operation at Tahoe Forest Hospital. Herb Copeland is a patient in the local hospital following an accident to his foot while logging.

SUNBEAMS

By WALTER M. BARRETT

The bond issue so vitally needed to keep the schools of the district up with the current and anticipated growth of the area passed by a big majority in Friday election. We believe that the voters acted wisely and we have sincere hope that the administrators of the sizable sum will justify the confidence placed in them by using equal wisdom in expending the nearly two million dollars. Some of the contemplated expenditure for non-essential building may be delayed indefinitely or at least until such a time as the more urgent demands are met. Classrooms in the elementary schools provide for the return of seventh and eighth graders to their respective communities should be given first consideration and some desired alterations at the high school, too, are needed, but in the opinion of many there are some projects which can and should be delayed, thus keeping the bonds off the market and minimizing the costs until the urgent matters are attended to and future needs are studied closely.

Fishing Good But Weather Is Bad

Despite the cold wet weather which greeted the opening of the trout fishing season in this district Saturday, those who braved the elements were, for the most part, rewarded for their efforts.

Probably the best catch of the opening days was by John Neronde of Sacramento and Tahoe City, who fished in the vicinity of Squaw Creek on the Truckee River. Neronde bagged a total of 15 trout weighing 16 pounds on Saturday and Sunday landed another four, the largest of which was 4½ pounds and 21 inches long.

Frank Giovannoni and his son, Frank, each caught limits on the Truckee in the area which was closed to bait fishermen last summer.

A number of other good catches were made but the anglers really earned all they caught as the weather was nasty throughout the day and streams were high and muddy. Clearing weather is expected to result in many more fishermen catching many more trout as the season advances.

TOM SHEEHAN TOPS MARK IN TRACK MEET

Tom Sheehan, outstanding young athlete from Tahoe-Truckee High School picked up his school's first gold medal as he topped the field at the Nevada State track meet on Reno's Foster Field by unleashing a throw of 43 feet, one-fourth inch in the discus to take that event and pick up TnT's first medal in track and field.

Sheehan was out to break the Nevada State record held by Lee Lowery of Winnemucca at 146 feet and had he not been hindered by wind, cold, and rain soaked field he may have surpassed the state mark. Sheehan, a senior, plans to go on to school and attend the University of Nevada.

Here at TnT he was an outstanding player on the football team and the varsity basketball team which had it's most successful year in history.

He is the son of Mr. and Mrs. T. F. Sheehan of Lake Forest.

Square Dancers Invite Participation In Parties

The Donner Dancers welcomed Goodi and Art Mori and Bill and Julia Davis of Truckee to their square dance party last Friday night. The Tahoe Twirlers were represented at the dance by John and Sophie Levra and Walt and Eva Lynn Pope of Kings Beach.

Anyone interested in square dancing is encouraged to come to the weekly dance held by the Donner Dancers at the Veterans Memorial building every Friday evening from eight until midnight.

At Donner—

Fred Calkins is staying at Donner Lake for the summer, recuperating from an operation performed at Chico.

Marysville Firm Is Low Bidder For Local Detour Job

Floriston to Boca Detour To Permit Construction Of New Freeway

Alan S. Hart, district engineer for the state division of highways, announced today that H. Earl Parker, Inc., Marysville, was low bidder on the detour job between Boca and Floriston. The bid was for $472,794.55 and was one of four submitted.

Work is expected to start in June.

Bids were opened yesterday in Sacramento for the construction of a detour on Highway U. S. 40 for 0.8 mile east of Hirschdale to 0.8 mile west of Floriston, District Engineer Alan S. Hart announced in Marysville. The detour will route traffic around a esction of U. S. 40 where heavy rock excavation must be done to convert the present highway to a four-lane freeway. The construction of the freeway is expected to start next summer.

The detour, which will be 2.8 miles long, will consist of a 26-foot wide roadway surfaced with plant-mixed surfacing, two pre-stressed concrete bridges over the Truckee River and two grade crossings of the Southern Pacific Railroad. Curves on the route will have a minimum radius of 200 feet and maximum grades of seven percent will be necessary where the detour joins the present highway.

Auxiliary 11-foot lanes will be constructed for trucks and buses on each side of the railroad crossings. Sight distance at both railroad crossings is unrestricted, Hart said. It is planned to use the detour only during the high Sierran construction season from April to November.

The detour will permit unrestricted work in a difficult area of the Truckee River canyon and will prevent delays of heavy trans-continental traffic on Highway 40. "As the detour is on new alignment, only slight delays are anticipated where the detour joins the present road. Traffic will be permitted to pass through these areas at all times under customary control," Hart said.

Provisions of the contract call for work to commence within 15 days after approval of the contract by the attorney general, and to be completed within 120 working days. The sum of $576,800 was included in the division of highways 1957-58 fiscal year budget for this work.

Girl Scouts Hold Tea For Mothers At Meet

Donner Troop of Girl Scouts Tuesday gave a tea and held at investiture planned and prepared by the girls at Veterans Memorial Building.

The opening program featured the flag ceremony and singing and Linda Banyard was presented with her Girl Scout pin. Guests included Mrs. R. Banyard, Mrs. H. T. Langille, Mrs. James Leamon and son, Jimmy, Mrs. David Rose, Mrs. Walter Barrett, Bruce Leamon, Bonnie Fair and Helen Kohl.

NEW Z MARKET AT ARCATA IS OPENED

The official opening of Rose Brothers' Z Market at Arcata was a big affair last Saturday. The new store, the largest in the chain operated by the Rose brothers, is complete with all departments and a crew of 20 clerks are employed to handle the large volume of business.

The manager of the new store is Harvey Hocker, formerly employed in the Truckee store, although the owner, Dave Rose, has been in constant command preparing for the opening.

The new store is in the huge shopping center at Arcata's Westwood Village.

NEW RESTAURANT TO BE OPENED SATURDAY

Mr. and Mrs. Art Saunders who recently arrived here from San Francisco to take over the former Lakeview Cafe, now known as Ramshead Restaurant at Donner Lake, have extended an invitation to the public to attend the opening of the restaurant Saturday, May 25.

The young couple have made notable improvements in the property and plan to make it one of the most outstanding in the area.

Traffic Shows Big Gain Despite Road Closures On Route

Despite the fact that a major construction project was commenced on Highway 40 last month, travel into California over the popular route increased considerable over the same month of 1956, the monthly reports from the department of agriculture shows.

During last month, 32,003 cars, 3503 trucks and 576 buses were checked at the Truckee quarantine station. This compares with 29,454 cars, 3463 trucks and 599 buses checked in April, 1956.

During March of this year 24,072 cars were checked, the April figure being about 25 percent greater.

Last month 8849 cars, 225 trucks and no buses were checked at Meyers Station on Highway 50, where the gain over a year ago was only 545 cars and about 2000 cars over March.

Reno Jail Escapee Nabbed By Deputy

The liberty of Robert Wesley Bradley, 21, Citrus Heights, was short lived following his escape from the Washoe County jail at Reno at midnight Saturday, thanks to the efforts of Deputy Sheriff Emery Lander of Truckee.

Bradley, who utilized a pair of pliers to make his escape through a window of the jail, hid in the rear of a car parked near the Riverside Hotel in Reno. On three occasions, he told Lander, police flashed their lights into the car but failed to see him on the floor.

Later he is alleged to have stolen the car which he abandoned near the Truckee-Tahoe Wye. He walked to the quarantine station where Inspector Grady recognized him as the fugitive whose description had been broadcast by Reno police. Grady, advised Bradley to dry his clothing in the boiler room of the station.

At 5 a.m., Deputy Lander put in an appearance at the station and was advised by Grady that the man in the boiler room answered the description of the fugitive wanted in Reno. Lander confronted Bradley who readily admitted he was the escapee and later Sunday was returned to Reno.

TRADE WINDS OPEN FOR SEASON AT LAKE

Joe Ross, owner of the Trade Winds at Kings Beach, this week announced that the popular dining room there will be opened for the season on Saturday, May 25.

This will be good news to lovers of excellent Chinese and American foods as Jimmy Chin, chef at Trade Winds for a number of years, is returning with his staff of expert cooks. George Ridgway will be in charge of the bar and cocktail lounge and Ross will, as usual, serve as host.

As in the past, Ross said he will feature only the most choice meats and other foods in the Trade Winds.

LITTLE LEAGUE TO HOLD MEET TONIGHT

Truckee's Little Baseball League will be organized at a meeting to be held this evening in the basement of the Community Methodist Church at 8 o'clock, Daven Morey announced.

It is hoped to get the games started shortly after the close of school and any person interested in either sponsoring or helping with the the boys is invited to attend the meeting.

Morey said considerable help will be needed this summer as it is hoped to divide the boys into small groups so that competition can be enjoyed.

Injures Foot

Mrs. W. M. Englehart, Sr., is recovering from a severe injury to one foot as the result of an unusual accident at the Coca-Cola Bottling plant three weeks ago. A fragment of a broken bottle, struck the arch of the foot, severing two tendons and an artery. She was treated by Dr. L. D. Nelson and was incapitated for a number of days.

NEW NOTARY

SACRAMENTO (CNS) — Secretary of State Frank M. Jordan announced today the issuance of a notary public commission to Beverly M. Wilson, of P.O. Box 98, Truckee.

Water Control At Lake Tahoe Gets Airing At Meeting

Federal Engineers To Study Alternatives To Keep Lake Level

TAHOE CITY—California representatives of the Nevada-California Interstate Water Compact Commission met at Tahoe City on Monday to hear a long awaited report by the United States Bureau of Reclamation and Corps of Army Engineers dealing with the proposal to reduce the legal maximum level of Lake Tahoe in order to reduce flood damage.

The report advanced 13 alternate plans by which down stream water users could be compensated for loss of this 120,000 acre feet of water with relative costs and problems involved in each. All but two of these plans call for providing some type of alternate storage for the water in the Truckee, Carson, or Walker river watersheds.

Perhaps the three most feasable of the 13 plans, according to H. A. Hunt of the U. S. Bureau of Reclamation, are: (1) Impounding of up to 132,000 acre feet of water in the Watasheamu reservoir in the East Carson river waterhed to replace the same amount of water which otherwise would have flowed from Lake Tahoe into the Lahontan reservoir in Nevada.

(2) Cutting the natural rim of the lake a maximum 1.1 feet to replace storage capacity lost by lowering the legal maximum level.

(3) Outright purchase of all or part of the water rights to the top one foot of water with the possibility that part of this loss could be alleviated through construction of several storage reservoirs in the Truckee River downstream.

Of these plans, cutting the natural rim of the lake, would be the least costly but would, according to the report, incur heavy opposition from lake property owners who have long opposed cutting the natural rim.

Most feasible from the standpoint of potential opposition but also most costly would be enlarging the Watasheamu reservoir, a project estimated to cost $2,500,000 of which up to $754,000 would have to be borne by property owners in the Lake Tahoe area who would benefit. The report calculated the financial benefits to property owners if such a project were attempted but did not calculate the losses if the lower level were to be reduced.

The commission voted to make an immediate study of such possible loss preparatory to a hearing where property owners could register their opinions. A date for the hearings was not announced.

Norman R. Mayfield of Tahoe City and Will Bliss, both observers at this meeting, expressed strong opposition to any reduction of the legal low level of the lake below the present 6223 foot mark.

California Commissioners Cecil Edmunds of Truckee, William Bechdolt of Tahoe City and Frank Rahbeck of Bijou made it clear that in their opinion the economic loss to property owners caused by this low level reduction would make such a plan out of the question.

California commissioners present besides the three mentioned above were Colonel A. M. Barton of Sacramento, chairman; Harvey O. Banks of the California Water Resources Board; Hubert B. Burns of Markleeville and Ray Charlebois of Topaz Lake.

Marvin Bartletts Parents Of New Baby Daughter

Mr. and Mrs. Marvin Bartlett of Truckee became the parents of a daughter, born May 18, in Tahoe Forest Hospital. The little girl weighed six pounds and 12 ounces on arrival and has been given the names of Susan Ann.

Wyethia Meetings Will Be Continued On June 14

No meeting of the Wyethia Club will be held in May, it was decided at a May 13 executive meeting of the group, according to Mrs. Fosten Wilson.

The next meeting will be held in the clubrooms June 14, at 1 o'clock, with one scheduled afternoon meeting each month during the summer.

Attend Convention

Mr. and Mrs. Frank Gaiennie returned Sunday from a week's convention of the Pacific Coast Electrical Association held at San Francisco. Tours, banquets and other entertainment were included in the program. Mrs. C. C. Brown accompanied her son and daughter-in-law to be their house guest.

Driver Fined

Charles Joseph Mullennax, Truckee, was fined $263 when he appeared before Judge F. W. Wilson in the Truckee Judicial Court on a drunk driving charge. He was arrested Sunday by State Patrolman T. F. Sheehan.

In City—

Mr. and Mrs. Martin Sturcke and sons expected to visit relatives in San Francisco.

THE FARMER IN THE AIR

The aircraft is both transportation and a tool of the farmer or rancher. Besides its ability to provide quick transportation to remote places on the farm and ranch, the plane is used for erosion control, fence patrol, dusting, spraying and many other purposes. The U. S. Department of Agriculture has estimated that aircraft have added as much as $3 billion annually to farm income.

'PLANES'

STATE DECLINES TO REPAIR DOG VALLEY

The expense involved and time required in making the Dog Valley road adequate as a detour during construction of U. S. Highway 40 in the Truckee river canyon, will make it impractical.

Alan S. Hart, district highway engineer, so advised the boards of supervisors in Nevada and Sierra counties after he received requests to study such a routing.

Hart explained that the cost for such a detour would run to a million dollars and then it would be suitable only for summer travel. It would require until winter to prepare it and by that time, he said, Highway 40 will be reopened.

What the two counties involved will do to repair and maintain the route is dependent upon a survey to be made by the road commissioners.

School Superintendents To Get Higher Salaries

SACRAMENTO (CNS)—The assembly unanimously approved a series of bills today which grant increases to superintendents of schools in the Mother Lode area.

The bills, AB 157, 158, 159 and 161, by Assemblyman Francis C. Lindsay, now go to the senate.

Under the bills, the superintendents in El Dorado and Tuolumne counties would be increased from $6000 to $10,000 a year; the superintendent in Calaveras County from $6000 to $8400; and the superintendent in Nevada County from $6000 to $10,800.

FAR WEST SKIERS IN FAVOR OF OLYMPICS

At their meeting in San Francisco last week, members of the Far West Ski Association unanimously adopted a resolution directed to Gov. Goodwin J. Knight, members of the California Olympic Commission, the State Legislature, the International Olympic Committee and others urging passage of SB 1774.

This bill, now before the assembly after passage by the senate, would provide $2,990,000 additional funds for the 1960 Winter Olympics at Squaw Valley and would give the right of eminent domain to obtain needed lands.

The resolution asked Governor Knight to sign the bill when it finally clears the legislature. This, the governor has indicated, he will do immediately.

A. Andrew Hauk is chairman of the resolution committee and Edward J. Johnson of Pasadena is the new association president, replacing Wesley B. Hadden.

The F.W.S.A. represents 86 clubs in California, Arizona and Nevada, of which more than 40 are in southern California. There are more than 2000 members in the association.

School Officials Discuss Student Problems With Parents In Meetings

C. W. Sciutto, principal of Tahoe Truckee High School, and Jim Brehler, dean of boys, have been undertaking the project of interviewing parents of all eighth grade students regarding the four-year program of their children. They express all their thanks for the excellent support by the parents in carrying out this plan. The purpose of this work, Sciutto explained, is to give the student and parent an opportunity to sit down together and discuss the student's educational future.

The topics covered are: type of course desired, university preparatory requirements, school rules and regulations, cost of high education, requirements of state colleges and junior colleges, scholarships available, college board examinations and military service.

Sciutto said: "It is our feeling that these interviews have been a very valuable experience for us. We trust that they have been equally worthwhile to the parents. The response to our invitation to participate has definitely shown that our parents of this area are interested in working with the school. I want to thank all of you for taking time from your busy daily schedule and for coming to the high school to visit with us. We really appreciate your interest."

PATROL WARNS ON TURN SIGNAL LAW

SACRAMENTO—Make sure the turn signals on your car are off when you are not going to turn, warns the California Highway Patrol.

"Approved turn signals may be used to indicate you are about to make a left or right turn in traffic," declared Patrol Commissioner B. R. Caldwell. "Use them properly, but make sure they are turned off after the turn is made.

"Recently a quite serious accident occurred when a driver failed to make a turn at an intersection after displaying a lighted turn signal for some distance prior to entering the intersection," Caldwell stated. "An on-coming driver, also with turn signal lit, figuring the other car was going to turn, made a left turn in front of the on-coming car.

"Modern traffic demands close adherence to the rules and the proper use of safety devices on your motor vehicle," he concluded. "Turn signals are safety aids when properly used; they can be accident causing devices when used improperly."

Tahoe Items

Mr. and Mrs. A. J. Ketman came from Menlo Park to their home at Carnelian Bay, arriving before spring like weather.

From Palm Springs, Mr. and Mrs. F. A. Kilner are at Tahoe City for the season.

TAHOE POSTSCRIPTS

By SWANEE
(Telephone T.C. 316-W)

As I write this on Monday morning light snow and rain still fall. Tahoeites awoke both Sunday and this morning to find a white landscape. Beautiful in the winter time, but highly unpopular at this month of the year. However, I am one of those who are not particularly concerned with the weather today as I am observing another birthday, and hugely enjoying it. Yesterday with son Jim I attended a lovely dinner party at the home of Mrs. Chloris Mathewson in Sparks at which I was honoree, with members of my family and guests and even blew out the traditional candles on my beautiful cake. Son Jim and I were extremely lucky on Saturday night enroute to Reno over Highway 40 during the driving rainstorm, when the car ran over a huge rock in the center of the white line. We took a terrific shaking up but only the bumper appeared to have been damaged. After my sad experience two years ago at Floriston I have a real healthy respect for rocks of any size on the highway. Already today in spite of the early hour I have received many congratulatory calls from old friends which are appreciated.

* * *

Miss Diane Purcell returned home on Sunday from Auburn where she went for two weeks schooling with the Bell Telephone Co.

* * *

Despite the stormy, cold night Sunnyside Lodge's opening on Saturday night last was a successful one. Approximately 150 persons attended the "open house" and suffet supper served by the new proprietors of the restaurant, Mr. and Mrs. Louis De Martini and their crew of seven. Tahoeites will welcome the new cafe operators as they are experts in creating the tastiest of cuisines.

* * *

Ralph Sears, manager of the Ward Creek Water Company, had to make a trip up the creek on Saturday to clear the intake screen on the Upcreek Dam which became clogged due to debris which washed down the stream during the extended rainy weather here.

* * *

Mrs. Bertha Tonini of Tahoe City was a patient at Tahoe Forest Hosptal on Thursday where she received another blood transfusion. Despite her long illness she is much improved in health and has been able to accompany her husband out in the evening twice during the past month. Recent houseguests have been her niece, Mrs. Helen Kirkpatrick of Duarte, southern California, and Mr. and Mrs. Earl Wood of Antioch, who left on Saturday following a two-weeks visit. Her many friends are wishing her conitnued success in her quest of good health.

* * *

George Mortimer of Tahoe Park brought his wife, Zella, home from Tahoe Forest Hospital on Friday after a five-day stay during which she underwent extensive tests and x-rays, results of which will not become known until later.

STRICTLY STRICKLAND

By Bill Strickland

Don't know what you think about it, but I'd say our weather for the past three weeks is "for the birds." All winter long everyone was looking for "that" snowstorm; so it arrives, but the last part of May—which year is it scheduled for? Too late for the '56-'57 season. A little early for '57-'58.

* * *

Milt and Helen Hogle have picked up their gear and returned to their home at Rainbow Tavern for the summer. They had been living in Bill Rutherfords house all winter. Understand Roy Thompson bought Milt's interest in the Soda Springs Ski Corporation. Roy has leased his house for the summer to Mr. G. E. Young, who is the superintendent for the oil pipe line that is being installed over the hill. Sherm Reams, another member of the Ski Corporation, is building a new home in the Gateway Park subdivision.

* * *

Brant and Doris Chapcia have sublet their home in Reno, we understand, and will spend the summer again operating their Soda Springs Hotel.

* * *

Fran Couillard is as busy as can be getting ready for the summer business at Donner Summit Lodge. Might also add that all the residents of Soda Springs can register for the coming elections at Donner Summit Lodge. Fran has the registration affadavit forms there now.

* * *

Tony and Hanna Richter left last week for a European trip. Herb and Lena Fredericks of the Norden store have closed their doors for the first time we know of in 20 years to take a month's vacation.

* * *

The Community Club had a pot-luck dinner and meeting this past week to raise funds for the scholarship fund and also plan the development of the school playground. Over 80 residents attended. President May Williamson presided. Others noted: Maggie Avila, who is again working at the Big Bend Ranger Station for the summer; Glen and Velda Parsons of Trailsyde Lodge; Peggy Travis and Mrs. Bill Hack from D.S.L.; Kirby and Lola Schull and three sons, from Kiski Lodge; the Cardwells and the Boards from the Sugar Bowl; Betty Aro and daughters from Soda.

Mr. and Mrs. Floyd Bradbury of San Leandro, son and wife of the late H. C. Bradbury, arrived at the family home in Tahoe Park on Friday of last week to open it up for a few days. His mother, Mrs. H. C. Bradbury, and her daughter, Mrs. Ed White of San Leandro motored up the following day to superintend the packing of family belongings which were to be taken home before the house was put on the market for sale.

Elmo Moriano, has again this year, offered his pool at Beacon Hill Lodge for the Red Cross swimming classes. This program has developed into a regular event and also one that is looked forward to wth real anticipation by all of the youngsters in the area. On top of that quite a few real classy swimmers are being developed.

The sailing ship, Balclutha, tied up at Pier 43 in San Francisco, is 256.5 feet long; 38.6 feet in width and 22.7 feet deep; 1717 gross tons,

Sound travels 1050 feet in one second.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Food Sale

At the Stop and Shop on Saturday, May 25, the ladies of the church will have a table full of goodies for sale. Mrs. Eda Judy says there is just time for you to help keep it filled, as the sales are being made. The last sale was a huge success, so help out again, won't you?

Returned

Our old friend, Bill Dugan, returned to the lake last week after a wonderful winter in southern California, visiting his daughters, one at North Hollywood and one at Riverside. Bill also visited at Palm Springs, and is already talking of going on a visit to Tacoma, Wash., for a couple of weeks.

Good Sign

Yes, it's right on the top of the post office building in Kings Beach. Cloyd Sipes, our barber, has a beautiful neon sign erected pointing to his Lake Air Motel on Bear street, It sure is attractive and certainly adds to the community center.

Phones

Another step ahead, at Tahoe City will go on dial system on the 16th of June, with the prefix Juniper. Classy, huh?

Weather

Saturday noon, raining like the dickens, but how nice and fresh everything seems, just a wash and polish for the trees, grass and even our cars. Getting ready for the hot weather, I guess, huh?

New Home

Al and Mrs. Bettencourt of the Silver Sands Lodge are building a home on their property in Tahoe Vista. It will be quite an addition to their already beautiful lodge.

Fashions

Two fashions that are all the rage around the area these days, one is swimming pools, and the other is black-topped driveways around the motels and some private homes. Both are an improvement besides being an attraction to the visitors.

More Weather

Sunday morning and believe it or not there is a wee bit of snow—well about a couple of inches. Temperature 31, with a little sunshine and the snow is fast disappearing.

Airplane Service

Dallas H. Masterson, Air Dorado Service has already started, and is making two filghts daily from San Francisco, and landing at the pier at Ludlow's Lodge, Tahoe Vista. Another feature is thatanyone in the area, may purchase goods, and have it shipped by this seaplane. This will be a wonderful service if you need something in an emergency. For information see Larry Ludlow. The helicopter service from Reno to Cal-Neva Lodge will soon be in operation. For information call Don Armstrong.

Shriners

Once again the El Tahoe Shriners had a wonderful gathering at the Crystal Bay Club last Sunday morning. A gin fizz preceeded a mammoth brunch in the spacious dining room. The host president was Bob Stevenson of Kings Beach. Considering the weather, a large gathering attended.

Visitors

Al Broyer, district attorney of Placer County and Mrs. Broyer were visitors in the area over the weekend, staying with the Ludlows in Tahoe Vista.

Home Again

Marshall Gordon is back at his home at Agate Bay. Marsh attended the Lions convention three weeks ago in Las Vegas, and then went to Los Angeles to visit his mother, who had been operated upon, and according to him she is doing very nicely. We certainly hope the progress will continue.

Business Men's Meeting

A well attended meeting was held by the North Tahoe Business Men's Association at the Crystal Bay Club last Sunday night. Many items of interest to the community were discussed, including the matter of signs to be erected in the outlying areas showing travelers to the North Shore of the lake. I noticed that Fred Schultz, the ever ready representaitve of the North Shore, gave some interesting reports and was attending a meeting in Auburn and Sacramento Tuesday, and took a letter from the members urging the placing of a bridge over the lake at Emerald Bay, where another slide occurred. Harry McIntire presided. Maxine Polzin is secretary.

Nice Neighbors

Very happy to know that Buckey and Mrs. Harris are to be neighbors of ours for the summer month.

Sure is nice to have them. I am sure they will enjoy this beautiful golf course road. Buckey says we can step out of the door on to the ninth hole without having to go all the way around.

Accident

I hear that Mabel Commagere fell and broke her ankle, in the Blue Lake Inn in Tahoe Vista, just when they (Jim and Mabel that is), are getting ready to open for the season. I hear, too, that they are also to run the Village Corner in Kings Beach.

Biology

Kay Wing, Betty Raker and Science Teacher Trask, took a delightful trip to Dillion's Beach, Marin County, over Friday, Saturday and returned on Sunday. The activity was mostly searching for biology specimens. They sure had a good time.

Be Back Soon

Stella and Clarence Waldeman were up at their home in Carnelian Bay. Clarence was happy to have his mother, who is from Petaluma. They will be up again shortly to open up their home.

Getting Busy

Wendy Schumacher is busy straightening up his store ready for opening this weekend. George Mortensen is doing a little building on the side of his store also opening up a day or two.

Hot Stuff

Saturday is the day that a beautiful hot water heater will be given away at the P&G Market at 3 p.m. You don't have to be on hand, but it will be lots of fun if you are.

Big-Time Producers

MILK PRODUCTION UP—Farmer Albert Amer, of Lexington, Mo., was expecting an addition to his Jersey dairy herd, but certainly not triplets from one cow. Cattle experts report triple births in cattle occur only once in 100,000 births. The calves were only one day old when this photo was taken.

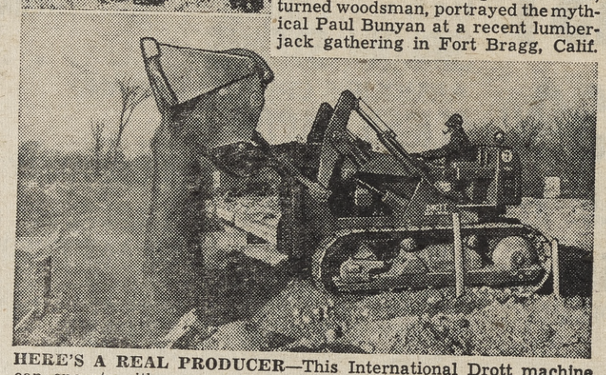

NOT A YOGA EXERCISE—It would take a big man to handle this toothbrush and tube of toothpaste. The toothbrush is being used as an uncomfortable seat by the painter as he applies finishing touches to the tube. Both were used in a dental display at a children's show in Paris.

—Photos by United Press

LUMBER SHORTAGE?—It wouldn't take the lumber industry long to supply all the nation's needs if it had crews with giant axes like this fellow has. Chet Shandel, king-sized boxer, turned woodsman, portrayed the mythical Paul Bunyan at a recent lumberjack gathering in Fort Bragg, Calif.

HERE'S A REAL PRODUCER—This International Drott machine can operate either as a clamshell, bulldozer, shovel, or bullclam merely by a flip of a lever. Its versatility makes it an economical utility machine for any earthmoving job.

MEMBERSHIP DRIVE FOR AUXILIARY OPEN

CRYSTAL BAY — Pearl Moore, president of the Ladies 'Auxiliary to the V.F.W., Lake Tahoe, announced the 1957-58 membership drive started May 15, to try to again be the department winners of the trophy cup and keep it permanently.

Membership cards are now available from members of the auxiliary and initiation of new members will be held June 12.

The only requirement for membership are: that you give proof you are wife, mother, widow sister, daughter, half sister of a deceased or honorably discharged member of the armed forces who served overseas.

Women who served overseas in the armed forces.

All eligible members are accepted and initiated at the first business meeting following receipt of applications.

PETITION FILED TO INCORPORATE STORE

SACRAMENTO (CNS) — Secretary of State Frank M. Jordan announced today Kings Beach Stop and Shop Market, Inc., a Nevada firm dealing in retail groceries and meats, has filed articles to become a California corporation.

The firm, to be capitalized at $200,000 in $1 par shares, listed its main address as 40 W. First street, Reno. It's California agent was listed as Willis O. Mizner, Bear street at Highway 89, Lake Tahoe.

Fairbanks, Alaska, mushroomed into existence in 1902 when a prospector named Felix Pedro struck rich pay dirt on a nearby creek.

RESOLUTION OF INTENTION TO FORM AIRPORT DISTRICT AND NOTICE OF PUBLIC HEARING

BE IT RESOLVED by the Board of Supervisors of the County of Nevada, State of California, as follows:

1. That the Board of Supervisors of the County of Nevada does hereby declare its intention to form an airport district under and in accordance with the provisions of the California Airport District Act.

2. That the boundaries of said airport district hereby proposed to be formed are hereby designated as being identical with the boundaries of the Tahoe-Truckee Unified School District situated in the Counties of Nevada and Placer.

3. That the name of said proposed airport district shall be the Truckee-Tahoe Airport District.

4. That Friday, the 14th day of June, 1957, at 2 o'clock P.M., at the chambers of the Board of Supervisors, Courthouse, Nevada City, California, are hereby fixed as the time and place for hearing objections by the Board of Supervisors to the formation of said airport district or to its extent.

5. That written protests or objections to the formation of the said district or to its extent within the County of Nevada may be filed in the office of the Clerk of the Board of Supervisors of the County of Nevada at any time prior to the hour hereinabove fixed for the hearing.

6. That this resolution be published once, at least 20 days before the date hereinabove fixed for the hearing, in the Sierra Sun, a newspaper of general circulation published in the County of Nevada.

ADOPTED by the Board of Supervisors this 14th day of May, 1957 by the following vote:

AYES: Smart, Bishop, Coughlan, Robinson and Loehr.
NOES: None.
ABSENT: None.
(Seal)

Tahoe-Truckee School District News

DONNER TRAIL SCHOOL

Our school had a guest speaker Friday. He was Mr. S. I. Hussain from Pakistan, who came to this country for a six months stay to learn more about American methods of forest conservation. He talked to the class on the history of the very new country of Pakistan and included comments on schooling in his country.

We are putting on a Gay Nineties musical this Thursday, May 23. Included in the program will be a skit based on the well known poem of Robert W. Service, "The Shooting of Dan McGrew."

TAHOE LAKE SCHOOL

Kindergarten and First Grade: The kindergarten and first grade can boast of 25 star papers this week on extra neat work.

The first graders are trying to get a total of 16 star papers each in one subject in order to get an outstanding on their report cards. High on the possible list are: Rod Farley, Rocky Riggs, George Speeter, Dianne McBride and Tommy Carnell.

First and Second Grades: This week the first grade has started a special board at the front of the room for papers that we all consider the very best work that we have done. Contributors this week are: Rocky Riggs, Connie Day, Tabor Griswold, Anna Marie Connors and Rod Farley.

The second grade presented a play this week for the entertainment of our whole room. Participating were: Lynn Harper, Chris Beavers, Dick Pomin, Darlinda Stark, Pam Bradley, Rae Lee Grahn, Jimmy Bechdolt, Marty Spitsen, George Selkirk, Tommy Barr, John Carnell, Jon Caulket, Kim Marvin, Billy Rabaska, Ronald Riggs, Jimmy Sergi, Patty Deming, Vicki Jones and Rosemary Wray.

Third and Fourth Grades: The third and fourth grades were visited by Richard H. Reeve, instructor in anthropology at Sacramento State College.

An oral buzz session was held on "Study Attitudes."

Fifth and Sixth Grades: An outbreak of chickenpox and measles has temporarily diminished our class. Danell Pomin and Karen Henry have recuperated and are in school again. Erica McLane and Danny Conners are at home hopto recover soon.

Howard Cincotta and his brother, Paul, plan a sojourn in Hawaii for the summer.

KINGS BEACH SCHOOL

Kindergarten and First Grade: The following first graders are reading "Our New Neighbors": Jay Bisio, Mike Cook, Shari Decker, Ann Felte, Jan Jensen, Greg Pope and Janice Wing.

Jay Bisio left Wednesday for Sacramento.

Jan Jensen will be leaving Friday for Boston. Jan will be back in the fall.

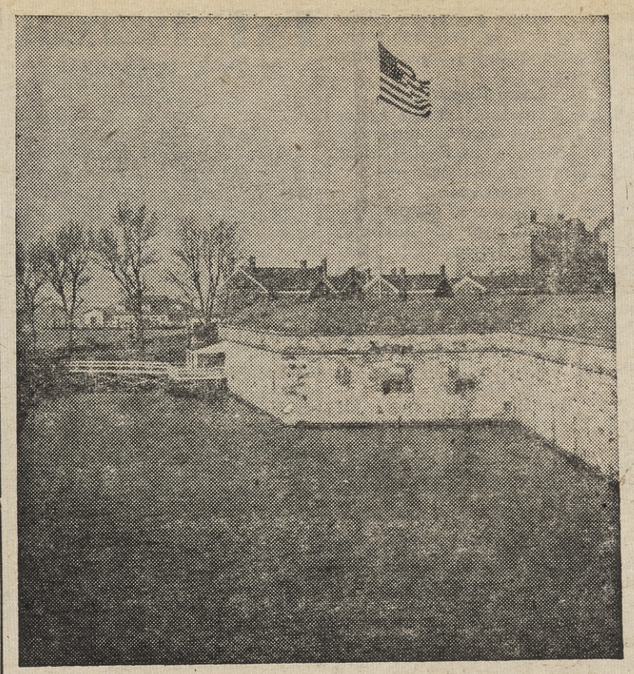

Greg Pope brought two scorpions to school. The class was very interested in them.

Aaron Hiibel had his seventh birthday Wednesday. We had a small combination birthday and farewell party that afternoon for Aaron and Jay.

Second and Third Grades: Carol Lee Corbin was eight years old Monday. She celebrated her birthday at her home with a party.

Mrs. Frances Thompkins visited our class Tuesday.

Darryl Lausche brought a rare old coin to school to share with us.

OLD GLORY, OLD FORT—Old Point Comfort, where the Jamestown settlers first landed 350 years ago, is the site of Fort Monroe, home of the Continental Army Command. The granite walls and water-filled moat of the Old Fort, itself one of several successors to the original primitive fortification, still stand.

Bruce Draney has been ill all week.

Wendy Howell has started her Mexican musical instrument this week.

Third and Fourth Grades: We are studying on our vacation unit. We used the projector and made some pictures of different fish.

We have been reading about our summer friend, "the "ant." Phil Thompson and Donnie Decker made an ant acquarium.

Linda Bonney and Estelle Howell brought some very interesting books on fish.

Next week anyone who makes 100 percent in spelling test on Wednesday will not have to take the test on Friday.

TRUCKEE ELEMENTARY

Kindergarten: We have had interesting reports this week on community helpers and our dependence upon them. George Franceschini reported on railroads. Bruce Leamon's topic was gasoline delivery trucks and David Capel talked on filling stations.

First Grade: We have two new students in our room—Keith Saunders and Dennis Crandall.

In a series of arithmetic tests those with consistent high scores were: Phillip Risden, Diane Daly, Michael Davis, Stephen Keith, Bill Rose, David Higgins, Henry Frates, Gary Albin, Judy Ingalls, Susan Schuler, Victor Rice and Wilbur Glenn.

First Grade: John Clark, Karin Meixner, John Gholson and Elgin Johnston got a new book in reading.

Barry Waters and Randee Reese were winners in the addition combination speed test.

Bobby Goldsmith is still ill but we hope he will be back with us soon.

Second Grade: In our test of 33 review words, those having all correct were Mary Ann Moore, Gary Waters, Gail Englehart, Jim Tavis, Susie Olano, Darlene Doolittle, Suzanne Burnett, Donny Whiteneck, Jack Melugin, and Kathy Braasch. Ronnie Walker, Cathy Braley and Timmy McLane had but one wrong.

We are happy to have Karen Hedlund back again.

We have two new pupils, Suzanne Burnett and Vicki Crandall.

Jack Melugin brought a story which he read to the class.

Third Grade: Those with perfect scores in their last review spelling test were: Kris Meixner, Betty Saarni, John Sturcke, Dennis Stevens, Candy Hamilton, Clydene Strickler and Debbie Ellis. Those who missed only one word were: Diana Pankoke, Robyn Reese, Chuck Trainor, Ricky Ralphs, Karen Walker, Larry Digesti, Charles Hintz, Anne Morey and Kathleen Kenyon.

We were very sorry to hear about Mr. Tudor's accident and being in the hospital at Gridley. Third grade will certainly miss Cherie and Lenny, and we wish their daddy a speedy recovery.

Fourth Grade: Fourth graders, Tod Bedrosian, Gary Jensen, Garry Sturcke and Ray Deghi achieved worthy comment for their voluntary clean-up campaign during the week.

Recently, fine reports have been given by David Sorani, Marcia Leamon, Linda Banyard, Eddie King and Jimmy Roth.

Mystery of the week: How did Dave Fordham's jacket find its way to the schoolhouse roof?

Reporting for singing practice were Marcia Leamon, Judy McGwinn, Donna Haune, Peggy Berger, Danny Garcia, Linda Banyard, Dave Sorani, Dennis Stumbaugh and Eddie King.

Jimmy Roth performed ably in passing out the lunch cards this week.

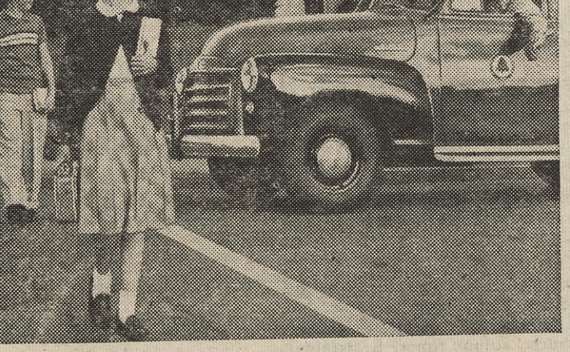

Fifth Grade: The fifth grade had the most parents out to the PTA Monday night. That makes twice this year.

Kings Beach Girl Scouts Fete Mothers At Meet

KINGS BEACH—The Girl Scouts and Brownies of Lone Troop I, Kings Beach, held a mother-daughter luncheon on May 11 at the Crystal Bay Club. The Scouts and Brownies made placecards and Mother's Day presents for the occasion.

A program during lunch was presented by the Scouts; a rhythm dance, "The Lord's Praver" and later a fashion show. Clothes modeled were "young fashions" from Warren Porter's and Mrs. Porter kindly assisted the girls.

Proficiencv badges were awarded to the following girls: Mary Thorwaldsen, seamstress, good grooming and bird; Frances Cahill, pen pal and good grooming; Wendy Boatman, good grooming, cooking and homemaker; Carol Franklin, good grooming, cooking and homemaker; Susan Graton, good grooming, cooking and homemaker; Amy Arndt, good grooming; Diane Davis, good grooming, cat and dog, cooking; Madelyn Kammerrer, child care, good grooming and cooking; Kim Molsberry, cooking and handywoman; Judy Draney, dabblers; Carolyn Olinghouse, cooking; Leta Laborde, child care and cat and dog; Marlea Draney, drawing and painting, cat and dog, bird, storyteller; Penny Cassidy, child care; Estelle Howell, homemaker, cat and dog, child care; Karen Critchley, health aid, cooking; Grethchen Gruendemann, dabblers, drawing and painting, homemaker, child care; Susan Anne Rosenberg, child care, cyclist, swimming, horsewoman, cat and dog; Virginia Baker, drawing and painting, homemaker; Cheri Critchley, drawing and painting and homemaker.

WINNER TWELFTH NATIONAL SAFETY POSTER CONTEST

Children and adults walking along open roads and streets without sidewalks should always walk on the left side facing traffic. They then have an opportunity to see trouble comng and avoid it—something they can't do if they walk on the right side with traffic coming from behind them. The California State Automobile Association points out that each year twice as many pedestrians are killed while walking on the eright side of the road, with the flow of traffic, as are killed while walking on the left facing traffic.

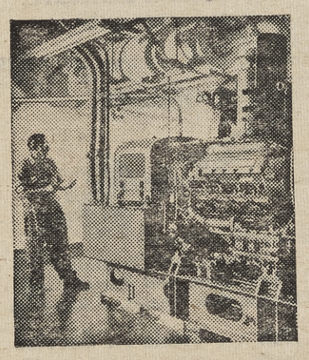

WHAT'S DOING

George Selkirk, Telephone Manager, Truckee-Tahoe

Guarding the safety of you and your family is a big part of any telephone man's job. That's why we each take a course in "defensive driving." It teaches us ways to avoid accidents—to anticipate what other drivers or pedestrians may do. It really works too. Our drivers cover millions of miles every year and chalk up one of the best safety records in the U.S. It pays off for us and our families, and for you too, for it helps make driving safer for everyone.

* * * * *

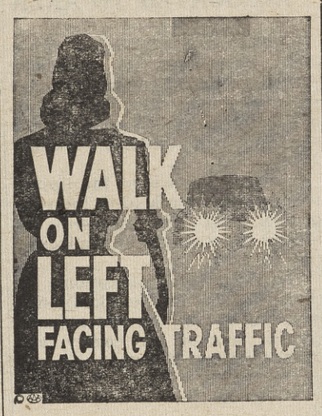

A reserve of power guards your phone service—day in and day out. Happily, storms and other emergencies don't come along often. But we keep ready anyway. Special standby generators run by gasoline or diesel engines have been provided in each telephone central office. If needed, they can take over to supply necessary power. This is one of the many ways we work to provide telephone service you can count on.

TELEPHONE MAN AIDS BOY SCOUTS

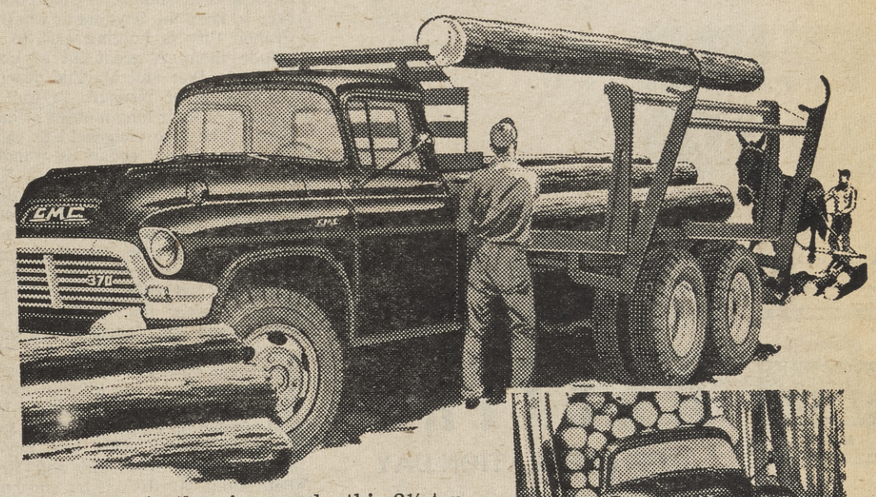

Ken Marvin, central office switchman for the Telephone Company at Tahoe Ctiy for the past five years, is a typical example of how our employes devote their spare time to community projects. Ken is Scoutmaster of Troop No. 27 at Tahoe City and is shown here assisting Scouts Trent Giannini and Mike Marvin, in one of their achievement projects. Ken has two other sons, Chip, 10 and Kim, 8. He has a B.S. in electrical engineernig from the U. S. Naval Academy.

SIERRA SUN ADS PAY!

Got a job for this giant killer?

Here's proof of the reserve strength in GMC's 370 that pays off in any operation.

DEEP in the pine woods, this 2½-ton GMC, with locally added trailing axle, wades into a pile of forest giants, using its power take-off to flip 1,000-pound logs onto its back. In ten minutes it has a staggering load—and practically no road to haul it over.

You may never need to subject your trucks to such grueling service, but experience like this is your assurance of stamina and reserve strength far beyond normal requirements.

And the GMC 370 can be yours for *hundreds of dollars less* than comparable competitive trucks. Just check with your GMC dealer.

Illustrated: GMC 370 rated 19,500 GVW—22,000 with optional H.D. front axle. 206-hp V8 or 140-hp Six.

HUB-DEEP RUTS, soft ground, down and up ravines, it totes a Herculean payload day in and day out in the timberlands of North Carolina. Five trips a day, six days a week the year around—and it stays a stranger to the repair shop!

GMC MONEY-MAKERS

HIS GRADUATION PRESENTS . . .

A TWO-WHEEL BIKE AND A U. S. SAVINGS BOND

Tommy Robinson graduates from kindergarten this spring and his father promised him a two-wheeler. Really makes you feel you're getting on in the world when you move out of the tricycle class . . . good reason for the proud swell of Tommy's chest, the look of accomplishment on his face.

But Tommy will outgrow the two-wheeler, too, and many other things. So his wise father invested in another gift that will grow with him—a U. S. Series E Savings Bond.

A Savings Bond is a gift that's appropriate for any graduate—from kindergarten to law school. It's a sure way to help bring about the realization of commencement dreams. And it's so easy to buy—no sizes or colors to worry about. So wonderful to receive—a gift that keeps increasing in value.

If you have a favorite young person graduating soon, why not give the present with a future, a U. S. Series E Savings Bond? And let graduation time remind you of *your own future* and how Savings Bonds can help make it secure. May is Minute Man Month—a good time to start buying Bonds through the Payroll Savings Plan where you work or regularly where you bank.

The Minute Man, Symbol of a Great American Thrift Habit—The U. S. Savings Bonds Program—Since 1941

The U. S. Government does not pay for this advertisement. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

NEWS NOTES FROM TAHOE

By Naomi McLane
(Tahoe City, Box 711. Ph. 246-J)

Vote Pleasing

It's a sign of good public health when an election shows a strong majority even if it's on the wrong side. But this school bond is surely on the right! A four to one vote certainly shows confidence in our school board and executives and also gives our children better schools—which is most important of all. Hurrah for all of us.

Housewarming

Mr. annd Mrs. Don Snyder held an open house for their many friends and neighbors at their beautiful new home Sunday evening. It is a question whether Lake Forest is extending its west boundary to keep the Snyders or whether Tahoe City is bulging east to include them. A great bit of both, I think. Don and Martha deserve to take great pleasure in the re-results of their long months of hard work. The lake view held to earth by three lordly cedars is wonderfully captured by the house. The living room with its panelled Phillippine mahogany walls almost gives a shipboard feeling as one first steps into it. The dark grey rough fireplace wall makes a beautiful contrast with the rest of the room. I wear the words out but the walnut and Japanese ash bedrooms are also beautiful. And the two-basin bathroom and the many conveniences in the kitchen make any housewife sigh. Among the out-of-town guests were Bart and Leonora Bartel, who are never really out of town; Mr. and Mrs. Pete Riola, Martha's sister and husband from Stockton; Mr. and Mrs. Herb Matthews of Carson City. Others from Reno were Mr. and Mrs. LeRoy Kirkman; Mr. and Mrs. Al Adams, and Mr. and Mrs. A. C. Whitby, Stephanie Snyder, dressed in a lovely skirt and stole, which her uncle, Bob Snyder, had brought her from Mexico, presided over the guest book which by the end of the evening contained over 100 names. Sandra, Snyder's older daughter, could not be there because of that silly old enemy, chickenpox.

Chickenpox

The Richard Carnell family has had its share of chickenpox. All four of the children and Dick himself have each had his turn.

Church Grows

Attendance at the Tahoe City Community Church is growing. Remember the services are each evening at 5 p.m. at the Community Hall. A fund of $500 will be given toward an organ if a like sum can be promised by the people of Tahoe in the next two weeks, Lay Reader Charles Beardsley, has announced. Norman Mayfield and A. M. Anderson have offered to serve as senior and junior wardens, respectively. Mrs. Beccy Shontz will be secretary. No treasurer has been appointed yet since all donations so far are in the form of promises for labor or materials. Among the donations promised are the location for the all-year round chapel. (This is subject to satisfactory arrangements with the bishop of the diocese), all landscaping both labor and materials, legal services. concrete for the structure, architectural services, engineering needs, are work and advertising, wood carving for pulpit and pews, carpentry work, and labor by both men an dwomen. Any one who would like to contribute in any way should get in touch with Mrs. Beccy Shontz at Tahoe City. Beardsley wants to stress Bishop Noel Porter's words that this venture is interdenominational in nature and is open to all faiths which believe in Jesus Christ. Young people are especially urged to attend and to take part in the musical program of the church.

Buy Trailer

George and Sylvia Hogan have sold their Tahoe Pines home and have bought a 45-foot trailer which they are enjoying greatly. They are living in it in Reno but promise to come up to the lake as often as they can.

Loses Finger

Ralph Stanley of Stanola Lodge in Tahoma lost the little finger of his left hand in an accident at work in Kings Beach this last week.

Postmaster

E. A. Thompson of Sugar Pine Pt. Lodge took over the duties of postmaster at Tahoma this last month. It is not clearly decided yet whether Tahoma is a third or fourth class post office. The amount of stamps sold in the fiscal year is the determining factor in these small or seasonal post offices.

Has Birthday

Jeff McLane celebrated his ninth birthday with Jerry Jorgensen, a fellow ex-chickenpoxee. Tony McLane broke out Sunday which should bring the McLane poxes to an end.

To Honolulu

Howard and Paul Cincotta left after school Friday to fly to Honolulu where they will spend the summer. The boys were eager to go and yet were not giving up their classmates or school for they will send back letters as part of their finishing up work and to let their friends know a little about this delightful venture.

Back At Homewood

Paul and Naomi Horvath and the children, Diane and Steve, have moved back from Tahoe City to Homewood where they will again manage the Obexer Market.

Good Fishing

Nor rain nor wet nor anything else can stay the rounds of the patient angler. Marshal Ruhkala took in his usual first day limit and Dick Nielsen kept up his family reputation by snagging a 19-inch, two and one-half pounder from a favorite but not specified hole in the Truckee River. Howard Carnell and George Kunges returned home Monday after a long fishing weekend. As of this writing their luck is not known.

Two New Nieces

Mrs. George Day reports the good news of two new baby girl nieces. No, not twins. One little girl each for her brothers.

From Auburn

Mrs. Bruce Wright's mother from Auburn was up for several days and was thrilled with the weekend's snow.

Sees Property

John Calef, an architect from Berkeley, came up to look over his property in Tahoe Tavern Heights which he purchased recently from Ken Steddom. He, too, was delighted with the snow as a change from bay area rain.

At Tahoe Park

Mr. and Mrs. John Anderson and their daughter, Joyce, have returned to their Tahoe Park home.

At Lakeside Home

Mr. and Mrs. Ralph R. Steele have been in their lakeside home for several days. They also love Tahoe and its weather no matter what its mood.

Home At Tahoe

Mrs. Jim Gandy, Harold Fair's mother, has returned to make her home here permanently. Mr. Gandy passed away last month in Watsonville where the Gandys have lived for several years.

LIQUOR LICENSE FEES ALLOCATED TO AREA

SACRAMENTO (CNS) — The state department of Alcoholic Beverage Control announced today it has allocated $5,460,739 to cities and counties for fees ended in the six-month period ending February 28.

About 10 percent of the license fees collected are held in the state general fund. This represents increases in fees made by the legislature in 1954.

The license fee allocations included $23,318 for Nevada County, including $13,121 for the unincorporated area of the county, and $6302 for Grass Valley.

TnT Tidings

By JUDE' COMMAGERE

TnTer's Go Calypso!

You're all dressed up in calypso clothes and with lots of spirit you enter the gaily decorated door, into the Senior's Calypso Hideaway. Bright colors, palm leaves, balloons, and tarantulas meet the eye, the smooth tone of a saxophone and the rhythmic beat of the bongo drums greet the ear. After you buy a few noisemakers and a straw hat you fall entirely calypso and enter into the night of rumbas, sombas, and anything with "that beat"!

Under the spotlight you soon see legs belonging to: Joe Sheehan, John Olinghouse, Dave Ashton, Dave Rickert, Bob Huega, Bob Trask, Barry Smith, Ronny Peel, Vic Riggs, Mike Robinson, Dean Barr, Buzz Trainor, Tom Banyard, Gary Hulbert, Joe Romo, John Wood, and Don Van Hooser. The judges decided that Joe Sheehan's legs were the winners and gave him $2.50 for his willingness, spirit, and of course, his legs!

Later on in the evening those two famous dancers, Fred and Danny Woods, tapped.

The Senior's Calypso dance was truly colorful, entertaining and great fun, adding another success to the memorable senior year.

New Fall Officers

The elections were held Thursday, Mary 15, and the re-elections May 21, and the results are as follows: President, Berger Nelson; vice president, Craig Robinson; secretary, Janice Gray; treasurer, Dorothea Frey; faculty advisor, Jim Brehler; varsity cheerleaders: Janet Allen (head), Joyce Hallett, Koby Kiser, and Anita Diaz; J.V. cheerleaders, Judy Collins (head), Diane Horvath, and Joann Pomin; songleaders: Irene Englehart (head), Shirley Taylor, Diane Speeter, and Sharon Tremayne.

The new officers that have been chosen will represent TnT and compose next fall's student government officials.

Our school is continually growing, not only in the enrollment, but in reputation and standards. With Mr. Corbin and Mr. Scuitto as our governor, and with our highly capable student leaders, next year's student council is assured of having a successful year. A government of the students, for the student and by the students.

BITLER SEEKS STATE CONTRACT LICENSE

SACRAMENTO (CNS)—The contractors' state license board announced today it plans to issue a masonry contractor's license to G. C. Bitler, the Muddle Masonry, of Box 125, Kings Beach.

The board said it would issue the license in 20 days if no protests are received.

HOW TO FOLD A ROAD MAP...

Once again vacationtime is here . . . time to hit the road in search of fun and relaxation. Whip out your trusty road map. Pick your route. Then, don't fuss and fret trying to find the right way to fold your map. Try our simplified method: (1) grasp the map firmly in both hands, (2) memorize your route, (3) throw the map away. Incidentally, *another* good way to save yourself time and trouble is to drop by the bank and convert your vacation cash into Bank of America Travelers Cheques. They're cashable anywhere . . . quickly replaceable if lost or stolen . . . and can only be cashed by *you*. So protect your vacation funds the convenient, low-cost way—with Bank of America Travelers Cheques!

. . . to the Golden Gate Bridge, 20 years old on May 27. We are proud to remember that Bank of America was instrumental in the purchase and marketing of the $35 million in bonds that made possible the construction of this world-famous *gateway to California's Redwood Empire.* And we are proud, too, of our continuing record of bond purchases all over California—for schools, water districts, public buildings—amounting to more than $2 billion during the past ten years alone!

B of A Quiz Corner

DID YOU KNOW THAT you can transfer your Bank of America savings account from your branch to any of the Bank's more than 600 branches in California—*without losing even a penny's worth of interest?*

Woodsmen make a minimum of $1 per hour, with rates on the west coast running from $2 to $4 per hour, but with by far the greatest productivitiy per man hour.

JAMES E. McCLUSKY of Lincoln, Placer County, has been appointed registrar and director of admissions at Sierra College by interim trustees of the district. He will begin his new duties July 1. McClusky is currently vice-principle of the Lincoln Union High School.

CAPITAL MAN WILL HEAD TRADES GROUP

The Lake Tahoe Building Trades Council, organized under the Tri Counties Building Trades Council, has announced the selection of E. Bud Shelly of Teamsters Local No. 150, Sacramento, as business representative for the Truckee Lake Tahoe area.

Shelly was chosen from a number of candidates for the job at a meeting of the Tri Counties Building Trades Council in Truckee, presided over by President F. B. Wood of the Cement Finishers Local 582, Sacramento.

Gene Thompkins, business representative for Carpenters Local No. 2035, Kings Beach, explained after the meeting the council will carry on the work of organizing all American Federation of Labor-Congress of Industrial Organizations crafts in the region begun last year by the council.

Last year's organizational drive was inaugurated last spring directly by the various crafts in an effort to complete unionization of the area which, until that time, had little union representation except in the carpenter and plumbing trades.

APPROVE ELECTION

The Nevada County Board of Supervisors approved the results of the recent Truckee Sanitary District annexation election which brought the Gateway Park and other adjacent areas into the district.

The local board of directors is expected to call a bond issue election in the near future to decide whether a sewer system shall be installed to serve the annexed area.

Fatal Fallacies by Ted Key

CEREMONY MARKS GIANNINI BIRTHDAY

For the eighth year since his death in 1949, Bank of America officers and staff members in Truckee again joined their co-workers throughout California and the world Monday (May 6) in brief ceremonies observing the birthday of A. P. Giannini, founder of the statewide bank.

Under the direction of Lee H. Apple, manager of the branch, the staff heard a message from President S. Clark Beise which paid tribute to Giannini on his 87th birthday and described the day as one of rededication by staff members to the principles and ideals of the founder.

Giannini, who was born May 6, 1870, in San Jose, California, died on June 3, 1949. The anniversary of his birth is observed in all Bank of America offices and branches as an occasion upon which to honor his memory.

TRAFFIC INCREASES NOTED BY REPORT

SACRAMENTO (CNS) — Traffic crossing California's border checking stations showed increases in all categories—number of state and out-of-state vehicles, trucks, buses and passengers — during March, the State Department of Agriculture reported today.

During the month, 248,636 automobiles and 3524 buses carrying 727,930 passengers passed the border station. This compared to 244,205 automobiles and 30,066 buses with 701,831 passengers during the same month in 1956.

Increase in California-registered vehicles passing the stations was higher than with out-of-state automobiles. During March, 125,765 California vehicles accounted for 334,602 passengers, as compared to 121,710 vehicles with 317,026 passengers during March, 1956.

The busiest station was the one at Yermo, where 49,191 passenger vehicles carried 134,197 passengers. Traffic at Truckee was 24,072 autos with 89,358 passengers and 6420 autos with 16,181 passengers at Meyers.

LEAKING ROOF BASIS OF $15,000 ACTION

RENO—Suit for $15,000 has been filed in Washoe county district court by a Truckee businessman who claims a faulty $540 roofing job has caused him a serious loss of business.

H. Ciardella names Jack Mello and the B and M Roofing Co., in Sparks, as defendants. Ciardella operates the Capitol Cafe.

Ciardella claims the roofing company installed the roof in December, 1955, and that it began leaking the next month. He adds that the roofing company was notified of the leaks, but failed to make repairs, even though the roofing contract called for five years of maintenance without charge.

NOTICE TO INTERESTED TAXPAYERS

The preliminary budget for the Truckee Fire District for the period July 1, 1957 to June 30, 1958 has been adopted by the Board of Fire Commissioners of the Truckee Fire District, said Budget being as follows:

Maintenance and Operation	$5118.00
Capital Outlay	3000.00
Wages	390.00
TOTAL	8508.00

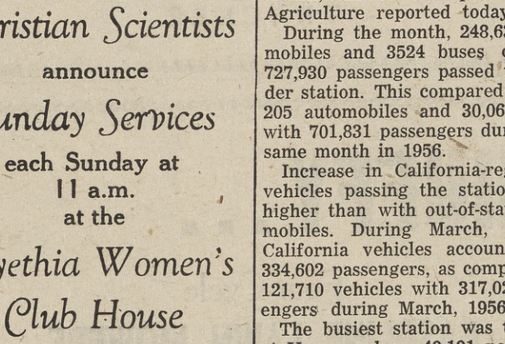

Said budget is available at the office of Rex Thomas, Secretary, Truckee, Nevada County, California, for inspection by interested Tax Payers.

The Fire Commission of the Truckee Fire District will meet at the office of Rex Thomas, Truckee, Nevada County, California, at 10:00 A. M. on June 12, 1957 for the purpose of fixing final budget for the District. At that time and place any interested Taxpayer may appear and be heard in regard of the increase, decrease or omission of any item of the budget or for the inclusion of additional items.

ANTHONY PACE,
President,
Truckee Fire Commission

Auxiliary's Scrapbook Is Among Four Highest For State Of Nevada

CRYSTAL BAY — Stephen L. Hernandez, Department of Nevada Veterans of Foreign Wars and community service scrapbook chairman from Elko has announced the top four post and auxiliary scrapbooks entered in the state competition.

The judges selected Lake Tahoe Post, No. 7077, Crystal Bay; Fred S. Pennington Post, No. 1753, Las Vegas; Gasper T. Salab Post, No. 2350 Elko, and Battlehorn Post, No. 9211, Reno. Their order of position will be announced at the 24rd annual encampment in Las Vegas Vegas June 13-15.

The four winning state scrapbooks have been forwarded to national headquarters in Kansas City where they will be judged by the national board in competition with posts and auxiliaries of the other 47 states, Alaska, Hawaii, Guam and the Philippines.

Winners of the national competition will be announced at the 58th national encampment at Miami August 25-30.

Mrs. Eugene Gini Feted At Cradle Shower Here

Mrs. Eugene Gini was feted at a cradle shower last Thursday evening with Mesdames C. Olano, Al Pfaendler, G. Gini, Ernest DeLisle as hostesses of the pleasant affair.

Games were played with Mrs. John Rablin, Mrs. William Waters, Mrs. Herbert Copeland being given awards.

A decorated cake and other refreshments were served to the friends of the honored guest. Those invited were:

Mesdames Harry Digesti, Joe Mullenoux, Herbert Copeland, Byron Miller, Derrold Daly, Frank Giovannoni, Gino Giovannoni, Arthur Kehm, Frank Franceschini, Albert Pfaendler, O. Giovannoni, Pete Lazzari, N. F. Dolley, Norman Solomon, William Waters, Tony Pace, Heslin Cardinal, Pete Petroni, John Rablin, Frank Gaiennie, Bessie Glenn, Jack Granier, Robert Bowers.

Geno Gini, Ernest DeLisle, G. Gini, Yolanda Olano, Lloyd McCurry, John Moro, Mike Goicoa, Louis Goicoa, John Ciardella, Marvin Bartlet, Terry Tollefson, C. A. Tollefson, Rex Tollefson, Ken King, Harold Gilson, Carroll Maynard, Berger Nelson, A. Dominguez, Ruby Probasco, James Thomas, Jack Pettiti and Miss Elaine Maffie.

Drug Firm Official Is Speaker At Rotary Meet

KINGS BEACH—Acting Program Chairman Mex Springer of the Rotary Club of Brockway presented Floyd O. Nelson, representative in this district of the Parke-Davis Co., who showed the film, "Going Our Way" at our regular Monday night meeting. This film dealt with the research and discovery of many of our present day serums and "miracle drugs" which are responsible for the successful treatment of many illnesses.

Visiting Rotarians were present from Walnut Creek and Tahoe City at the meeting which was presided over by President Brooks.

Two Are Honored Here At Mothers Day Fete

Mrs. E. Gini and Mrs. Enrica Moro were honored at a dinner given in observance of Mother's Day at Cozzi's Restaurant. Those gathering to compliment the two guests included:

Mr. and Mrs. Ernest DeLisle and children, Michelle and Darby; Mr. and Mrs. Gino Giovannoni, Mr. and Mrs. Frank Giovannoni and children, Frank, Jr., Judy and Linda, Mr. and Mrs. Eugene Gini and family, Mrs. Yolanda Olano and daughter, Susanne, Joe Gini, John Richards, Mrs. Janet O'Leary, and Mr. and Mrs. Doolittle and family.

SNACK SHOP OPEN BY CLIFF LIGHTNERS

KINGS BEACH—Mr. and Mrs. Cliff Lightner, the former chef at Crystal Bay Club for a number of years, have leased the Snack Shop on the main street in Kings Beach and are looking forward to a busy summer.

Both are experienced in the cafe business and are popular in the community.

Monday Hostess—

Mrs. Lloyd Everett was Monday evening hostess to members of her card club group.

Sons In May

Mr. and Mrs. Russell York feted their two sons, Jeffery and Gregory who celebrated their birthdates on May 18 and 22. Young Jeff is one year old, his brother, 10 years of age.

Oil Official Here—

R. R. Morrison, retail property representative for the Standard Oil Company of Sacramento, was a business visitor with the local distribtor, H. G. Loehr, this week to discuss the effect of the forthcoming Olympic games on retail prices.

Rablins Return—

Mr. and Mrs. John Rablin of Roseville have opened their house in Truckee.

MILK MARKETING IN AREA TO BE DECIDED

SACRAMENTO (CNS)—The state bureau of milk control has announced two public hearings will be held in Placerville May 28 to consider modifying boundaries of the Golden Chain marketing area by adding the eastern portions of Nevada, Placer and El Dorado counties.

Plans Completed For Sunshine Girls' Party

Donner Council No. 13, Pythian Sunshine Girls, met Wednesday night in regular session with Shari Curran presiding and with a good attendance.

Plans were completed for the "jitney dinner" and "cake walk" to be held June 5 in Odd Fellows Hall at 6:30 p. m. All familiee of the girls, Pythian Sisters and the Knights of Pythias and friends are welcome. There will be lots to eat and fun for all.

A group of the girls will attend installation of officers of Reno Council No. 1 on May 25. A donation of towels will be sent to the Pythian Youth Camp and also a donation to the fund for crippled children.

Daughter Married

Mr. and Mrs. J. W. Howard of Truckee, where the former is associated with the Denney Lumber Co., announced the marriage of their daughter, Miss Barbara Howard to Edward Lampe of Santa Rosa. The wedding was solemnized at Reno on May 4.

Hurt in Crash

Horace Q. Cadenhead, 56, Lodi, suffered serious injuries Sunday morning at 2:15 o'clock when the car in which he was riding alone left the highway and was wrecked near Tahoe City. Cadenhead was taken to the Tahoe Forest Hospital and the investigation is being completed by Patrolman T. F. Sheehan.

DAMP WEATHER

TAHOE CITY—Unseasonal cool, damp weather has plagued Tahoe during the past week. Four inches of snow with more than two inches of precipiation were reported for the week by Art Frodenberg, cooperative observer. With all gates closed the level of Lake Tahoe Monday stood at 6228.64 feet.

Best Wishes CLASS OF '57

FISH BILL APPROVED

Senate Bill 785, designed by its author, Senator H. T. Johnson of Roseville, to prevent closures of the Truckee River to fishing during the legal season, has been approved by the committee. The bill was amended to include only the Truckee.

CARD OF THANKS

It is with sincere gratitude that I take this means to acknowledge the wonderful care given me at Tahoe Forest Hospital and the many gifts and messages received during my recent illness.

Tarzan®

by EDGAR RICE BURROUGHS

THE APE-MAN'S FINAL COUP COMPLETELY DISPERSED THE ENEMY. AS THE LAST SURVIVORS FLED, KEVIN CAME FORWARD WITH RITA.

"WE SURE FIXED GOMEZ FOR A WHILE!" EXCLAIMED KEVIN. "BUT WE'D BETTER REST UP TO PREPARE FOR HIS *NEXT* MOVE!"

...THE FOLLOWING MORNING THE TWO MEN WERE COMPUTING THE DAMAGE WHEN A COMMOTION SOUNDED OUTSIDE.

Rick Van Buren John Celardo

LITTLE PACO WAS WIELDING A MACHETE OVER A STRANGER. "STOP IT!" DOYLE CALLED. "WHAT'S THIS ALL ABOUT?"

"I HAVE A MESSAGE FROM SEÑOR GOMEZ," GASPED THE MAN. "HE CHALLENGES THIS ONE TO DUEL--TO THE DEATH!

"MORE TRICKERY!" KEVIN PROTESTED. THE APE-MAN SHRUGGED AND SPOKE FIRMLY TO THE MESSENGER. "TELL GOMEZ I ACCEPT HIS CHALLENGE!" 5-26-1368

...MEANWHILE, GOMEZ WAITED CALMLY. HIS CRAFTY MIND HAD CONCEIVED A STRATEGEM THAT WOULD ROB TARZAN OF ALL HOPE FOR VICTORY!
